Nature Texture Art

Explore patterns, shapes and textures through creativity

ECWW-RES-ACT-003 | Free printable activity sheet

A gentle invitation

Notice the little details in nature. Create in your own way, at your own pace.

You will need

Paper, crayons or pencils, and a few safe leaves or textured natural objects.
Optional: washable paint, a brush, and scrap paper to protect your table.

How to create

1. **Look closely**
   Notice the lines, edges and patterns of a leaf or natural object.

2. **Make a rubbing**
   Place a leaf under paper and gently rub over it with a crayon.

3. **Explore freely**
   Repeat with different colours, or draw and paint your own textures.

4. **Make it yours**
   Arrange your textures into a picture, pattern or nature-inspired design.

My nature texture artwork

Use this space for rubbings, drawings, patterns or a nature collage.

Optional reflection

What texture or pattern caught your attention? How did creating feel today?

You can keep your artwork private, share it, or simply enjoy making it.

Choose safe materials. Avoid unknown or irritating plants; wash hands afterwards.
