Together We Belong

Different voices. Different strengths. One welcoming community.

What does belonging mean?

Belonging means feeling welcomed, respected and included.

You can share your ideas through words, drawings, colours or symbols.

You can also choose to listen, observe or skip any prompt.

1. My belonging picture

Draw, colour or write about a place, activity or moment where you feel welcome.

2. A little reflection

Something that makes me unique:

One way I can help others feel welcome:

There is no right or wrong way to belong.
